**Group Strategic Report  
for the Year Ended 31 December 2019**

The directors present their strategic report of the company and the group for the year ended 31 December 2019.

**REVIEW OF BUSINESS**

The purpose of this review is to provide a balanced report, fairly representing the performance of our business and its position at the year end.

Turnover of £16,897,291 for the year was on a par with the previous year and encouraging as the group defied the extremely challenging market conditions and the continued economic uncertainty surrounding Brexit. Fortunately many of our repeat clients provided a consistent pipeline of work and through concerted efforts to maximise efficiencies and minimise costs we manage to slightly increase the gross profit margin on the previous year. Operating profit for the year at £1,118,898 was satisfactory and the net profit after tax of £993,185 has been retained within the business. Shareholders' funds were satisfactory and liquidity improved as the year progressed.

Given the nature of the business, the Directors are of the opinion that analysis using basic key performance indicators such as gross profit percentage and net profit percentage are sufficient to understand and monitor the development and performance of the Company.

The Directors are aware that 2019 provided another high turnover level, however many of the products sold earlier in the year were at a reduced margin and it was only with an improvement in the mix of work later in the year which allowed us to achieve a stronger net profit than in 2018. An ongoing review of our production methodologies along with the continued success of our recently implemented nightshift allowed us to achieve some further efficiencies in the year.

**FUTURE DEVELOPMENTS**

With a number of long term contracts in place there is a good level of work secured for 2020. Nevertheless, mindful of the finite nature of these contracts and the desire to improve margin levels, the company has been implementing a long term sales and marketing strategy during the course of the year with a view to securing additional and more profitable business for the future. The market place remains highly competitive and the Directors are mindful that a number of competitors have recently failed financially. Overall, the Directors' current expectations is that the Company will be able to maintain profitable operations for the financial year ended 31 December 2020.

Following the employment of an Operations Director in 2019 and the resultant introduction of improved processes and management strategies, our Sign of the Times (SOTT Ltd.) moved back into profitability and we continued to invest further to streamline work flows and update equipment. As SOTT's alignment moves ever closer to the Astley model, the Directors are looking to implement an integration of both companies into one single branded entity to provide a consistent and integrated approach for all clients. Overall the Directors are pleased that the acquisition of SOTT Ltd. continues to provide the company with a stronger foothold in more specialist and bespoke markets.

**Group Strategic Report  
for the Year Ended 31 December 2019**

**PRINCIPAL RISKS AND UNCERTAINTIES**

**Competitive Risks**

The company works within a fiercely competitive market place and we are often faced with other companies in the industry willing to operate at extremely low margins in order to secure new contracts.

All existing contracts are subject to periodic competitive tender so there is always uncertainty that the business could face a significant drop in revenue if we were not successful in securing these. Careful analysis of one off contracts has also become essential to mitigate potential high risk associated with many types of bespoke work, particularly as clients are increasingly requiring greater long term warranty commitment (in the current Brexit uncertainties).

**Legislative Risks**

Ongoing changes in legislation constantly need to be monitored which requires additional overheads to manage. Changes often affect our accreditations and GDPR changes have required us to carry out a full management system review.

Ever changing Health and Safety and Environmental legislation has to be managed in a similar way. Individual client Health and Safety accreditation requirements continue to become more onerous and also demand increasing resource provision as clients pass on more responsibility on to us.

**Financial Instrument Risks**

The company continues to monitor the level of risk that it exposes itself to in terms of the type of work it commits to or any onerous contractual requirements it may have to sign up to when securing work.

The company endeavours to minimise its credit risk by undertaking credit checks in advance of committing resources to a project. The biggest challenge is that we are continuing to face even less favourable payment terms, particularly from the largest clients, with some now paying at 75 days rather than the 30 or 60 days they previously offered us.

**ON BEHALF OF THE BOARD:**

**Report of the Directors  
for the Year Ended 31 December 2019**

The directors present their report with the financial statements of the company and the group for the year ended 31 December 2019.

**PRINCIPAL ACTIVITY**

The principal activity of the group in the year under review was that of the manufacture and installation of signs of all descriptions, the manufacture of trough lighting and sign cases and the installation of large format digital images.

**DIVIDENDS**

The total distribution of dividends for the year ended 31 December 2019 will be £467,506 (2018: £240,000).

**DIRECTORS**

The directors shown below have held office during the whole of the period from 1 January 2019 to the date of this report.

**STATEMENT OF DIRECTORS' RESPONSIBILITIES**

The directors are responsible for preparing the Group Strategic Report, the Report of the Directors and the financial statements in accordance with applicable law and regulations.

Company law requires the directors to prepare financial statements for each financial year. Under that law the directors have elected to prepare the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law). Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the company and the group and of the profit or loss of the group for that period. In preparing these financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and accounting estimates that are reasonable and prudent;
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the company's and the group's transactions and disclose with reasonable accuracy at any time the financial position of the company and the group and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the company and the group and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

**STATEMENT AS TO DISCLOSURE OF INFORMATION TO AUDITORS**

So far as the directors are aware, there is no relevant audit information (as defined by Section 418 of the Companies Act 2006) of which the group's auditors are unaware, and each director has taken all the steps that he ought to have taken as a director in order to make himself aware of any relevant audit information and to establish that the group's auditors are aware of that information.

**Report of the Independent Auditors to the Members of  
Astley Signs Limited**

**Opinion**

We have audited the financial statements of Astley Signs Limited (the 'parent company') and its subsidiaries (the 'group') for the year ended 31 December 2019 which comprise the Consolidated Profit and Loss Account, Consolidated Other Comprehensive Income, Consolidated Balance Sheet, Company Balance Sheet, Consolidated Statement of Changes in Equity, Company Statement of Changes in Equity, Consolidated Cash Flow Statement and Notes to the Consolidated Cash Flow Statement, Notes to the Financial Statements, including a summary of significant accounting policies. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards, including Financial Reporting Standard 102 'The Financial Reporting Standard applicable in the UK and Republic of Ireland' (United Kingdom Generally Accepted Accounting Practice).

In our opinion the financial statements:

- give a true and fair view of the state of the group's and of the parent company affairs as at 31 December 2019 and of the group's profit for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice; and
- have been prepared in accordance with the requirements of the Companies Act 2006.

**Basis for opinion**

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the Auditors' responsibilities for the audit of the financial statements section of our report. We are independent of the group in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the FRC's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

**Conclusions relating to going concern**

We have nothing to report in respect of the following matters in relation to which the ISAs (UK) require us to report to you where:

- the directors' use of the going concern basis of accounting in the preparation of the financial statements is not appropriate; or
- the directors have not disclosed in the financial statements any identified material uncertainties that may cast significant doubt about the group's ability to continue to adopt the going concern basis of accounting for a period of at least twelve months from the date when the financial statements are authorised for issue.

**Other information**

The directors are responsible for the other information. The other information comprises the information in the Group Strategic Report and the Report of the Directors, but does not include the financial statements and our Report of the Auditors thereon.

Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether there is a material misstatement in the financial statements or a material misstatement of the other information. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

**Opinions on other matters prescribed by the Companies Act 2006**

In our opinion, based on the work undertaken in the course of the audit:

- the information given in the Group Strategic Report and the Report of the Directors for the financial year for which the financial statements are prepared is consistent with the financial statements; and
- the Group Strategic Report and the Report of the Directors have been prepared in accordance with applicable legal requirements.

**Report of the Independent Auditors to the Members of  
Astley Signs Limited**

**Matters on which we are required to report by exception**

In the light of the knowledge and understanding of the group and the parent company and its environment obtained in the course of the audit, we have not identified material misstatements in the Group Strategic Report or the Report of the Directors.

We have nothing to report in respect of the following matters where the Companies Act 2006 requires us to report to you if, in our opinion:

- adequate accounting records have not been kept by the parent company, or returns adequate for our audit have not been received from branches not visited by us; or
- the parent company financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of directors' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit.

**Responsibilities of directors**

As explained more fully in the Statement of Directors' Responsibilities set out on page four, the directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the directors determine necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the directors are responsible for assessing the group's and the parent company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the group or the parent company or to cease operations, or have no realistic alternative but to do so.

**Auditors' responsibilities for the audit of the financial statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue a Report of the Auditors that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

A further description of our responsibilities for the audit of the financial statements is located on the Financial Reporting Council's website at [www.frc.org.uk/auditorsresponsibilities](http://www.frc.org.uk/auditorsresponsibilities). This description forms part of our Report of the Auditors.

**Use of our report**

This report is made solely to the company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the company's members those matters we are required to state to them in a Report of the Auditors and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company and the company's members as a body, for our audit work, for this report, or for the opinions we have formed.

**Notes to the Consolidated Financial Statements  
for the Year Ended 31 December 2019**

**1. STATUTORY INFORMATION**

Astley Signs Limited is a private company, limited by shares, registered in England and Wales. The company's registered number and registered office address can be found on the General Information page.

**2. ACCOUNTING POLICIES**

**Basis of preparing the financial statements**

These financial statements have been prepared in accordance with Financial Reporting Standard 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland" and the Companies Act 2006. The financial statements have been prepared under the historical cost convention.

There were no material departures from that standard.

The principal accounting policies adopted in the preparation of the financial statements are set out below and have remained unchanged from the previous year, and also have been consistently applied within the same accounts.

**Going concern**

The directors assess whether the use of going concern is appropriate i.e. whether there are any material uncertainties related to events or conditions that may cast significant doubt on the ability of the group to continue as a going concern. The directors make this assessment in respect of a period of at least one year from the date the financial statements are approved.

At the date of approval, the country and indeed the rest of the world is in the midst of dealing with the Covid-19 pandemic. This has impacted unfavourably on the levels of work possible. The group has taken steps to deal with the financial impact of this, including the preparation of revised forecasts. Whilst there is uncertainty around the length of time the Covid-19 pandemic will last and the full impact on the global economy, the directors believe that it is appropriate to continue to adopt the going concern basis of accounting in preparing the financial statements due to the levels of reserves and potential financial support available.

The financial statements are prepared on the going concern basis which assumes that the group will continue to trade. If the group is unable to continue to trade, adjustments would be required to reduce the value of assets to their recoverable amounts, to provide for any further liabilities that might arise and to analyse long term liabilities as current liabilities.

**Basis of consolidation**

The financial statements consolidate the financial statements of Astley Signs Limited and its subsidiary Sott Limited. All of the entities' financial statements are made up to 31 December 2019 and transactions between group companies have been eliminated on consolidation. No separate income statement for Astley Signs Limited is presented, as permitted by Section 406 of the Companies Act 2006.

**Turnover**

Turnover is measured at the fair value of the consideration received or receivable, net of discounts and value added taxes. Turnover includes revenue from the sale of goods and the rendering of services.

**1. Sale of goods**

Turnover from the sale of goods is recognised when the significant risks and rewards of ownership of the goods have transferred to the buyer.

**2. Rendering of services**

Turnover from rendering of services is recognised by reference to the stage of completion.

**Goodwill on consolidation**

Goodwill is the difference between consideration paid on the acquisition of a business and the fair value of the identifiable assets and liabilities. The negative goodwill is released over the period it is expected to be recovered through the use and sale of assets. This is estimated to be five years.

for the Year Ended 31 December 2019

2. ACCOUNTING POLICIES - continued

**Tangible fixed assets**

Depreciation is provided at the following annual rates in order to write off each asset over its estimated useful life or, if held under a finance lease, over the lease term, whichever is the shorter.

|                       |                                                  |
|-----------------------|--------------------------------------------------|
| Freehold property     | - 10% on cost, 2% on cost and 0.8% straight line |
| Plant and machinery   | - 25% on cost and 20% on reducing balance        |
| Fixtures and fittings | - 25% on cost and 20% on reducing balance        |
| Motor vehicles        | - 25% on cost and 25% on reducing balance        |
| Computer equipment    | - 50% on reducing balance                        |

**Impairment of assets**

At each reporting date fixed assets are reviewed to determine whether there is any indication that those assets have suffered an impairment loss. If there is an indication of possible impairment, the recoverable amount of any affected asset is estimated and compared with its carrying amount. If the estimated recoverable amount is lower, the carrying amount is reduced to its estimated recoverable amount, and an impairment loss is recognised immediately in profit or loss.

If an impairment loss subsequently reverses, the carrying amount of the asset is increased to the revised estimate of its recoverable amount, but not in excess of the amount that would have been determined had no impairment loss been recognised for the asset in prior years. A reversal of an impairment loss is recognised immediately.

**Investments in subsidiaries**

Investments in subsidiary undertakings are recognised at cost less any provision for impairment.

**Stock and work in progress**

Stock is valued at the lower of cost and net realisable value, after making due allowance for obsolete and slow-moving items.

Cost includes all direct expenditure in bringing stock to its present location and condition.

**Taxation**

Taxation for the year comprises current and deferred tax. Tax is recognised in the Consolidated Profit and Loss Account, except to the extent that it relates to items recognised in other comprehensive income or directly in equity.

Current or deferred taxation assets and liabilities are not discounted.

Current tax is recognised at the amount of tax payable using the tax rates and laws that have been enacted or substantively enacted by the balance sheet date.

**Deferred tax**

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date.

Timing differences arise from the inclusion of income and expenses in tax assessments in periods different from those in which they are recognised in financial statements. Deferred tax is measured using tax rates and laws that have been enacted or substantively enacted by the year end and that are expected to apply to the reversal of the timing difference.

Unrelieved tax losses and other deferred tax assets are recognised only to the extent that it is probable that they will be recovered against the reversal of deferred tax liabilities or other future taxable profits.

**Research and development**

Expenditure on research and development is written off in the year in which it is incurred.

Notes to the Consolidated Financial Statements - continued  
for the Year Ended 31 December 2019

2. ACCOUNTING POLICIES - continued

**Foreign currencies**

Assets and liabilities in foreign currencies are translated into sterling at the rates of exchange ruling at the balance sheet date. Transactions in foreign currencies are translated into sterling at the rate of exchange ruling at the date of transaction. Exchange differences are taken into account in arriving at the operating result.

**Hire purchase and leasing commitments**

Assets obtained under hire purchase contracts or finance leases are capitalised in the balance sheet. Those held under hire purchase contracts are depreciated over their estimated useful lives. Those held under finance leases are depreciated over their estimated useful lives or the lease term, whichever is the shorter.

The interest element of these obligations is charged to profit or loss over the relevant period. The capital element of the future payments is treated as a liability.

Rentals paid under operating leases are charged to profit or loss on a straight line basis over the period of the lease.

**Pension costs and other post-retirement benefits**

The group operates a defined contribution pension scheme. Contributions payable to the group's pension scheme are charged to profit or loss in the period to which they relate.

**Significant judgements and estimates**

The following judgements have been made in the process of applying the usual accounting policies that have had the most significant effect on assets recognised in the financial statements:-

Provision is made against debtors which are not considered to be recoverable.

Warranty accrual - the company has made an estimate of the cost to repair any units that the company has agreed a warranty with the customer. An estimate of the likely costs has been made based on past experience.

Stock provisions - Management applies procedures to identify defective, slow moving and obsolete stock. An estimation is made of the price obtainable in the market in which the goods are expected to be sold and any costs of completion of sale are taken into account. The value of stock is reduced by the deficit between cost and estimated net realisable value of the stock in the form of a stock provision.

**Government grants**

Revenue based grants have been credited to the profit and loss account in the period to which they relate. Capital based grants have been transferred to a deferred credit and released to the profit and loss account over the useful life of the asset, as disclosed above.

**Financial instruments**

**Debtors**

Short term debtors are measured at transaction price, less any impairment.

**Creditors**

Short term creditors are measured at the transaction price. Other financial liabilities, including bank loans, are measured initially at fair value, net of transaction costs, and are measured subsequently at amortised cost using the effective interest method.

Notes to the Consolidated Financial Statements - continued  
for the Year Ended 31 December 2019

3. **TURNOVER**
